

GUIDE ON PROVIDING ADDITIONAL INFORMATION/IMAGES

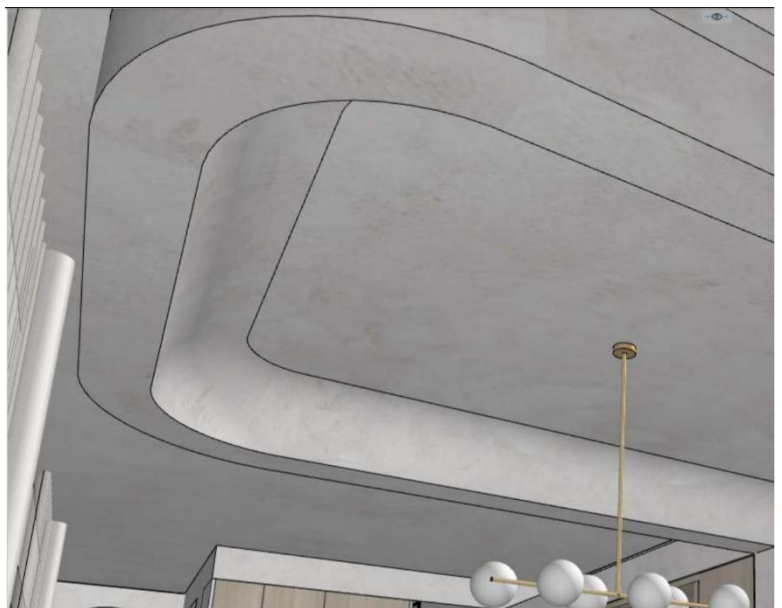

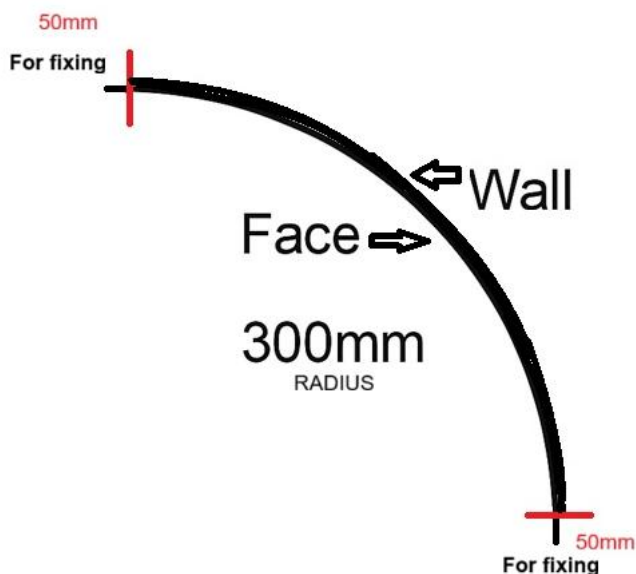

DISCLAIMER

If you submit floor plans only with no additional information, a charge may apply for the time required to gain information and dimensions from floor plans if not clearly indicated.

*Measuring from plans is not always accurate as often jobs and plans change onsite. Please double check the quantities required with your builder or by doing a site measure. We do not accept responsibility for over or under ordering.

Custom Profiles

Below is an *example* of what we require for custom cornice manufacturing

Noted in the reference image,

The wall and face are identified, the radius is noted.

A quarter circle is also identified from the template image.

Any additional notes such as 50mm extra per side for fixing.

Best information you can provide would be;

- A drawing/template
- Photographs
- Dimensions/Radii
- Clear indicating information
- Providing total LM needed for job

Custom Curves

With Custom Curves, we ask you clearly identify if it's an external or internal curve, as well as label them clearly to what is the wall side, and which is the front facing side.

Radius to be supplied and any template regarding the profile used.

If you are using one our range of products, please list the item code.

Should your curve exceed over multiple templates such as referenced in image, we ask you mark where the templates join to make a whole. E.g. A and A for one join of template and B and B for another join to make a whole template.

You can drop off templates to any of our three stores.

Allplasta Main Office

10 box avenue, Wilberforce, NSW

Allplasta Metro

Unit 17/7-9 Rhodes St, West Ryde, NSW

Allplasta Queensland

Unit 3, 11-17 Frank Heck Close, Beenleigh QLD

Large curve external corner

Small curve internal

BE ADVISED

Upon receiving a quote from Allplasta, double check all information within the quote prior to payment.

Upon commencement of the job, changing will be minimal to none.

Signing the form indicates you have read all the information given and have agreed it meets your expectations.

Refunds will not be approved upon commencement of manufacturing or completion if there are any errors upon the person who completed and signed the form.

Our current lead time can vary depending on multiple factors but not limited to;

Not enough information provided – If you do not provide enough information we will not commence until satisfactory information is supplied.

Large volume of orders – We may have quoted you an estimate with a lead time, should you not agree and pay within a reasonable amount of time. Other jobs may have been taken on during that waiting period, therefor your quoted job completion time may be extended.

Our manufacturing – We will do our best to complete your job within the allocated time, if there is any delay due to ALLPLASTA, the time frame may vary slightly, but this is a highly unlikely event. We will advise you if so.

Upon completion of this form, we will contact you within 1-3 days with a quote, should we need more information in that time. We will contact you requesting this.

ALLPLASTA is transparent with information, should you request a delivery. We will advise on the close delivery date.

If you decide to pick up your order from one of our stores, we will notify you when the order is ready to collect. It is best advised to pick up your order with a suitable vehicle to ensure safe transit.

Completing this form in great detail will ensure a smooth process for manufacturing, accurate pricing and will help with the lead time of your order as the information is given in great detail.

We thank you for your understanding.
